RE: Kerr-McGee/Tronox, Inc.  
Chapter 11 Bankruptcy

Dear Judge Gropper:

I am writing this letter to obtain information regarding the Chapter 11 bankruptcy of Tronox, Inc. Moreover, I and many citizens of Columbus, MS believe we have outstanding claims against the company stemming from contamination. Our understanding is that the court set-aside money for the payment of these claims. Please advise if this is true and how those of us who have not retained or have not had appropriate communications from counsel may proceed to receive compensation. Additionally, please inform us of the applicable contact information for the Trust which we understand has been established.

Clearly we are aggrieved that we have yet to receive compensation for our injuries as a result of the exposure to creosote for more than thirty (30) years. It is a sad commentary on our legal system thus far. The attorneys seem to have made victims of the claimants again. While clearly we accept some of these issues, it may not be in your purview. We need your help in sorting out the current status of the case and the claims.

Thanks in advance for any and all assistance. I remain

Sincerely,

Ec: Kenneth Hairston
